The document provides a detailed analysis of government revenue and expenditure, along with a breakdown of public and central government debt, non-fiscal departmental enterprises, and specialized financial institutions guaranteed debt. The data is presented for the fiscal years FY2554-64, and the reports include monthly, quarterly, and annual figures for various fiscal categories, including tax revenue, direct taxes, indirect taxes, non-tax revenues, and government expenditure. The document also highlights the government budgetary and non-budgetary balances, government cash balance after financing, and government treasury reserves. The appendix includes tables and charts for a comprehensive overview of financial records.
